## Project Title: Dungeons and Dragons Website

I'd like to build this site as multiple pages, rather than a long, single page website. Typical site navigation probably across the top. I think there is plenty of content and photography to build out individual pages.

Home Page/Introduction – Introduce an overview of the game, game mechanics, and adventure and campaigns

The creation of Dungeons and Dragons and Advanced DnD

Cultural response in the 80's and 90's and 2nd Edition

Acquisition by Wizards of the Coast and 3rd edition

Cultural Slump and 4th edition

Cultural Resurgence and 5th edition

Sources – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
